On 12/29/78 Virgil Shreiner recorded a new survey which was to have contained all lands by him. This new survey is recorded in P.V. 6/144. However, the new survey only goes to the new location of the road, this parcel of 2.5 ac as described on 144/593 is supposed to go to the old road, therefore the small piece which remains out of the 2.5 ac tract is reflected by this card.
