Therefore, it is my opinion that OL 77 was never sold, was sold it only contained 1.75 ac. added to 1.75 ac. that After Bigham. and now remains to the heirs of John G. Bigham or Nancy From that this was split off, it was carried as a separate on the auditor's duplicate until 1874 when it was point it has been called OL 76. But when OL John Bigham also owned in OL 76. instead of 2. ac. 76
