9 9 20 A Survey made for Doc A. A. Crump, the same being the finding of & planting corner stone at the center of Sec 20, Tp 14 R 13.

I found the corner by notes of Survey of Samuel Robinson, wherein he divided the section on Feb 12th 1827, & took witness trees. The stump of one of the witness trees was still standing & a depression of ground where the other formerly stood. On taking course & distance from stump, I dug in the ground & found part of the decayed stake.

Present Doc A. A. Crump &
George Thompson
