

No 354 6 8  $\frac{2}{6}$

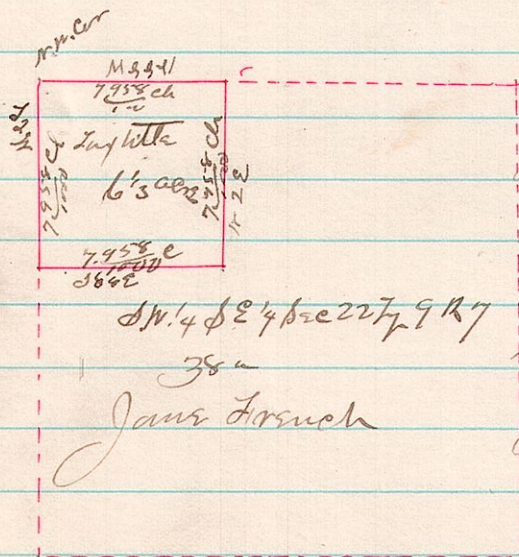

Lot 6 D. In 2, 8 R 6

A Survey made for James Rymard, under a power attorney from our Surveyor on the 20<sup>th</sup> day of June 1853 - the survey was made from stone standing at a + d and with the understanding that when the line E-F (which is now in dispute and establishment of which would require an extensive survey which said Rymard is not willing to undertake individually at this time) is legally or satisfactorily established between the then interested parties then the corners a + d and the line between them are to be moved to correspond with said line and also the corners c + b the same distances respectively.
