

9 8 15. sw of sw.

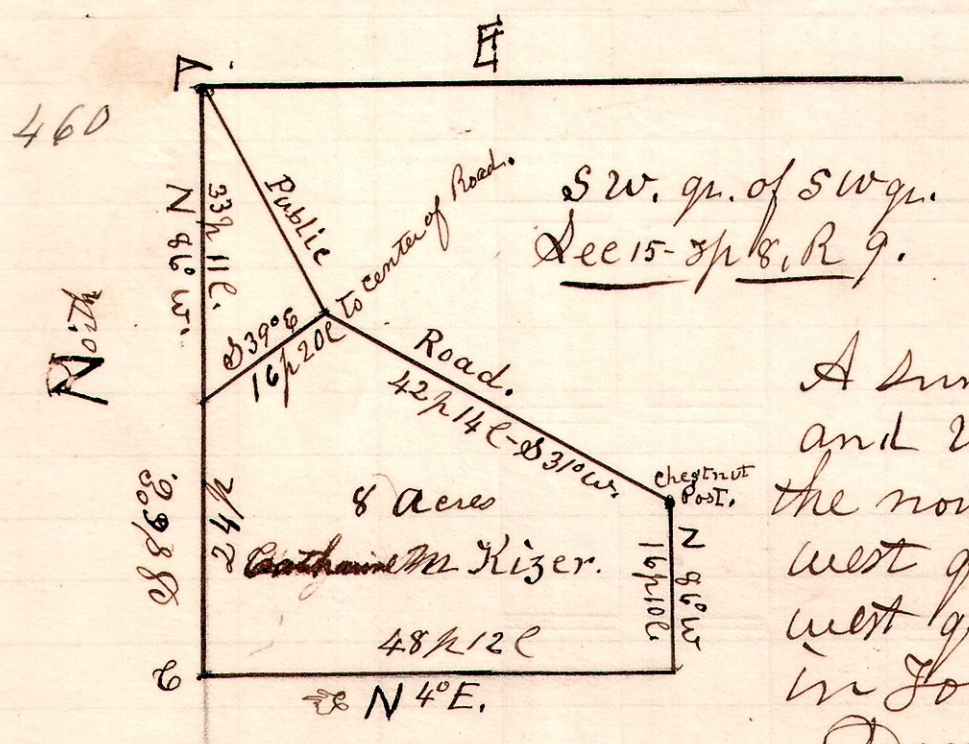

A survey made to locate a small lot owned M. Schuman located in the north east corner of the south west quarter of the south west quarter of section 15, in Township 8. of Range 9. The descriptions of this piece of land are so different, and so indefinite, that it was impossible to get it from the description, so I surveyed the land.

Enclosed and used and occupied for over 21 years, as informed by those present, which is bounded on the south by the public road, and contains about the amount called for in the deeds. This survey was made because it is exempt from further survey. December 30th 1902.
