Special Session

Auditors office August 8th 1881

Commissioners met for the purpose of examining the petition which has been on  
file in the Auditor's office for more than five weeks as the law requires and signed by more than thirty  
electors of the village of Nashville for the purpose of incorporating said village. The Commissioners found no  
protest or complaints made but upon such hearing found that the petition contains all the matters required  
that its statements are true that the name proposed is appropriate that the limits of the proposed corporation  
are accurately described and are not unreasonably large or small that the map or plat is accurate that  
the persons whose names are subscribed to the petition are electors residing on the territory that the notice  
has been given as required by law that there is the required population for the proposed corporation and  
the Commissioners found all papers in regular order and that the prayer of the petition be granted  
and an order to be entered on their journal to that effect that the corporation  
may be organized

We certify the above to be a correct copy as entered on the  
Commissioners Journal of Holmes County Ohio
